

From THE.. Cigar Smokin' Soldier of Prosperity

Ya know folks could say that you really don't need to change your attitude or your WAY of thinking, but then again what do "folks" know anyway??

Remember the Titans?

A group of youngsters all separated from each other on the count a what they looked like.

And... the only meaningful factor that they had in common was the desire in their hearts called... "The LOVE of the game"

THAT is what made them alike..

Could they have played football the same as they did BEFORE they changed their minds?

NOPE.

They became a "team" when they realized that ketchup goes great with mustard.. and that a little sugar never hurt nobody. ☺

The desire they had was NOT the only thing that made them win games.. but the fact they learned how to work together, how to trust one another, to believe in themselves and how to hit like hell.

CHANGING YOUR MIND

Is the only way to change your future..

The Titans were an example of how powerful change can be.

"Everybody asks whooo we are...We are the Titans, the mighty mighty Titans"

If you thought for one minute in that tiny lil brain of yours that YOU don't need to change the way you think to get ahead in life.. or to make that "dream" of yours come true... YOU are sadly mistaken.

CHANGE is the ONLY thing that can happen.

It's the deciding TO that HOLDS you back..

Why?

Because you are comfortable.

GOING with the flow..

You're terrified of standing out, showing the world your view, and GOING for what YOU really want.. (secretly - you know it's true)

CHANGE YOUR MIND
CHANGE YOUR INCOME
CHANGE YOUR LIFE..
CHANGE THE WORLD.

What do we do at The Million Mind March?

Besides being a group of folks that believe in THIS formula..

CHANGE + COMMUNITY = YOUR ULTIMATE DESIRES

We are a group of misfits well- weirdo's you might say, that stick together for a cause called GREATNESS.

(Why do I say weirdo's?? What else would you call a group of people who loved YOU and voted for YOU before you even knew THEM??)

Folks that come here become 10 feet tall and bulletproof..
Can you imagine how your world would change if YOU really believed you could do anything you set your mind to?

How would your business change..

If you thought you were just as good as the "leader" you look up to?

OR that celebrity on TV you watch religiously?

"YOU cannot have, be, possess, or acquire
THAT which you are not aware of being". - Joe Schroeder

THE only reason that guy or gal in your company seems to always get ahead..

Ya.. know the one's who may not know diddly squat..
but gets folks to FLOCK to them every time??

IS..

Because THEY HAVE THE CODE

Really it's true, ask Oprah or Rachael Ray.

It's **the code** that makes THAT person (the one you'd die to be)
THE person THEY are.
What's the code??
